

## **ABBOTS HALL OUT OF SCHOOL CLUB**

### **DVDs**

**During some sessions at the club we might put on a DVD when we are nearing the end of the day, to help children calm down before they are collected.**

**All the DVDs we have are either PG or U certificate and staff have watched them first to make sure of the content and use of language, making sure its appropriate for the setting.**

**Parents are asked to complete the section on the registration forms giving permission to watch DVDs in the club.**

**During holiday club sessions some children ask to bring films in from home, we do allow this, but we can't guarantee the film will be watched and we do explain this when the children come in.**

**We have a wide selection of films to choose from, and the children are given the choice of what film they would like to watch.**

**All the DVDs in the club setting are purchased from the local shops and we are not allowed to watch any films without the correct DVD markings and cases, we do not allow any that have been downloaded from websites or illegally copied.**

**Thank you for your support.**
