

ABBOTS HALL OUT OF SCHOOL CLUB

FIRST AID FOR NON-OUT OF SCHOOL CLUB CHILDREN

Any staff member that holds a current first aid certificate will be able to aid a child that requires first aid assistance if required.

We will provide first aid and advice as well as complete our club paperwork, in line with our club rules and policies.

If we advise parents on first aid and they choose to ignore us or refuse any assistance, the club and staff will not be held responsible for any actions of the parents.

We will advise to the best of our ability and training, while assessing the situation and helping to keep the child safe and out of harm.

The responsibility of a first aider is to help keep the situation from getting worse and to assess and maintain the safety of themselves and the people around them.
