

ABBOTS HALL OUT OF SCHOOL CLUB

NUT FREE

Abbots Hall School is a nut free school, and so is the out of school club.

We ask that all parents follow the guide lines set out by the school on this matter.

Please provide a nut free lunch when children attend holiday club session. Can we also look at the ingredients in some of the chocolate spreads as they contain nuts.

We have an allergies information sheet in the staff kitchen area which lists the allergies that may be affected by anything we provide. We also ask parents to keep us updated if their children become allergic or they stop being allergic, so we can maintain our records.

If you have any questions or concerns please feel free to talk to Catherine Martin or Louise Rouse.
